

### Recycling Used Motor Oil and Oil Filters

Please do the right thing after changing your car's oil and filter – recycle the used oil and oil filters. Lemon Grove has three certified oil recycling centers for your convenience!

<b>AutoZone</b> 7582 Broadway 697-7711 <i>Oil Only</i>	<b>EDCO Disposal</b> 6670 Federal Blvd. 287-7555 <i>Oil and Filters</i>	<b>Kragen Auto Parts</b> 6925 Federal Blvd. 697-2467 <i>Oil and Filters</i>
Please call for hours of operation and quantities accepted.		

### Did you know...?

- California do-it-yourselfers throw out over 20 million gallons of used motor oil every year.
- Oil doesn't wear out... it just gets dirty. Re-refining takes dirty oil and turns it back into fresh, "good-as-new" oil that can be used in cars and trucks. Check with your local retailer or quick lube for availability.
- Buying re-refined oil reduces our dependence on imported oil, protects natural resources, and helps create jobs.
